BIBLE DOCTRINES COURSE

DAVIDIC-LEVITICAL INSTITUTE

Mt. Carmel Center
Waco, Texas

Notes to Instructor

1. The Purpose of each Class:
 - a. Freshman Class -- is designed for those who need to gain a foundation of fundamental Seventh-day Adventist doctrines. For those who need it or may wish to take it as a refresher course.
 - b. Intermediate Class -- for those who need to learn the Davidian doctrines and how to present them. ✓
 - c. Senior Class -- for those who already know the message, but who need special instructions for field work, etc. It is also for those who require help only in organizing and giving studies and who are assigned to Intermediate Class for a few weeks to learn this phase after which they will be transferred to the Senior Class. For this reason the Senior Class will start at a later date than March 9.
2. It is important that each student keep his notebook up to date. The Instructor is to check on this daily when the roll call is taken.
3. Class periods are for students' recitation and the teacher's constructive criticism and are not to be taken up in lecturing to the students; studying is to be done outside of class. Students are not to be told ahead who is to recite at the next class period. ✓
4. The Instructor is to correct the students on the following:
 - a. form
 - b. continuity
 - c. clarity
 - d. keeping on the subject
 - e. delivery
 - f. tact
- ✓ 5. Except as indicated in No. 6, the material in the Davidian publications--the message of the hour--is what is to be studied and used. Various supplementary helps may be good ✓

but are unnecessary. (A list of Spirit of Prophecy books most quoted in present Truth literature is given in Part III. If the present Truth student becomes familiar with the pertinent references in these volumes he will be well armed.)

Following is a list of chapters from Bible Readings to be covered in the Freshman Class. The students are to study and be prepared for either oral or written quizzes in class as the Instructor shall choose. In assigning the material listed below it may not be necessary to take up every topic or question in the chapters listed, at least not in class, but only as much as will assure a thorough understanding of the subjects under discussion. Those fundamental Seventh-day Adventist doctrines which have been especially amplified by present Truth, and which are therefore included in the Intermediate Class, have been omitted from the Freshman Class. (However, when such subjects are studied in the Intermediate Class, if a student is not familiar with the Seventh-day Adventist teaching of them, he might profitably study them from Bible Readings in connection with present Truth, so that he might know wherein the Davidian message differs from Seventh-day Adventist teachings as well as to acquire a foundation in fundamental Seventh-day Adventist doctrines. The Instructor should be prepared to point out to the students what is erroneous and why.)

Freshman Class

Text: Bible Readings for the Home

Chapters for Study:

The Bible, Its Origin, History, and Place in the World

Part I. The Bible; How to Study and Understand It

Part 2. Sin; Its Origin, Results, and Remedy

Part 3. The Way to Christ

Part 8. The Law of God

Part 9. The Sabbath

Part 11. Life Only in Christ

Part 12. Christian Growth and Experience

7. Keep on the Subject.

It is impossible to divorce some present Truth subjects from others and therefore there is much overlapping of material. In studying one particular subject it is often necessary to refer to another; however, when such is the case, it is important to stick with what the text material says on the subject being studied. The related doctrines will each be studied in detail in their turn.

Example:

Subject: Religion

Text Material: Timely Greetings, Vol. 2 #34

(In studying this article it would be easy to get into a discussion of the Kingdom but that is not the subject being studied.)

IV Summary

TM 421, 422

The Purpose of the Charts

1. The Great Image - Dan. 2

Shows that God's Kingdom has Its beginning while the nations of earth today are still standing and that it brings this present world to an end.

2. The Flood - Type and Antitype

Shows Divine design in the destruction of the antideluvian world as a warning to the present generation. "The dreaded flood is a type of the dark millennium. As God's faithful people were saved then, so shall they be saved now; but the sinner now shall perish as the sinner then."

3. Old and New Testament Church History

Depicted by one family - Hos. 1 and 2

Shows that the present call for reformation is a laymen's movement.

4. The World's History in Prophetic Symbols

Shows the kind of world we are coming into.

5. The Harvest Period and Close of Probation

Shows the events soon to transpire in the political world; the destruction of sin and sinners (those who have not the seal).

6. In the Heart of the Earth

Shows that Christ's statement that He was to be three days and three nights in the heart of the earth had both symbolical and literal meanings (stressing the fact that there are 2 sixth-hour events to be reckoned with in connection with the trial and crucifixion of Jesus, and therefore took longer than one day).

7. The Church To and Back from the Wilderness

Shows the struggle within the seventh church and the change of leadership.

8. Holding the Four Winds

Shows how long and why the winds are held.

CONTROVERSIAL PASSAGES

1. Early Writings, p. 36

Four winds will be held until Jesus' work is done in sanctuary, and then come 7 last plagues.

2. Early Writings, pp. 15,16

During the 7th plague, or when day and hour of Christ's coming is announced, Sister White seems to state the living saints will number 144,000.

(These people around here think that nations will be killed during Loud Cry and Time of Trouble, leaving only 144,000. These are nations converted to truth by 144,000, but slain to rise later at Christ's coming.)

3. Great Controversy, p. 649

Applies Rev. 7:13,14 to the 144,000

4. Great Controversy, p. 637

Places the resurrection of Dan. 12:2 in the 7th plague.

5. Early Writings, pp. 36,37

Places the Time of Jacob's Trouble during the pouring out of the 7 last plagues.

6. Great Controversy, p. 613

Time of Trouble takes place after the close of probation.
(But see Early Writings, p. 85)

7. Great Controversy, p. 656
Testimonies, Vol. 5, pp. 207, 208

Apply Ezekiel 9 to the "general destruction of the wicked."
Therefore Ezekiel 9 is after the close of probation.

4. Question and Answer Discussion

(Questions from the students)

5. Meeting Opposition

Follow Christ's example. He used a different procedure with the common people than He did with the Scribes and Pharisees.

- a. With the common people He was ever gentle and patient; He never condemned them, but kindly pointed out the way of salvation.
- b. It was another story with the Scribes and rulers; they were not ignorant of the Saviour's work and mission and their questions were for the most part merely traps. With them Christ was plain and even cutting at times. Rather than answering their "trap" questions He first gave them a question to answer. His ministers are to do likewise.

If you perceive that one is asking you a "trap" question, before you answer his question, first give him a question on some point that is irrefutable.

Don't be discourteous, but neither let them make you appear foolish.

In dealing with those who are opposed, and especially the ministers, hold them to one point; don't let them jump around. Familiarize yourself with a few pertinent references and if they can't see light in one or at the most two, don't waste your time with them.

Examples: ✓ Jer. 30:1-3 (or one of many other definite and specific references on the Kingdom)

103L

✓ Isa. 66:15-21

✓ Trumpets (Arabian horses ?)
